**Spinal Ekartör
Spine Retractor**

Universal spinal ekartör sistemi
Kendinden tutuculu Caspar universal omurga ekartörü,
güvenli bir ekartasyona izin verir ve sökülüp takılabilir saplar
sayesinde operasyon bölgesinde yer kazandırır.

Universal spinal retractor system
The self-retaining Caspar universal spinal retractor permits safe
retraction and saves in the operation area due to the remov -
able handles.

Forceps for changing the blades
13 cm

Arteria İliak communis'e optimum yaklaşım için ekartör.
Bleydleri titanyumdan yapılmıştır ve bu sebeple x ışını geçirgendir. Büyük ekartör bleydi operasyon esnasında ka-
demeli olarak ayarlanabilir. Ekartör bleydlerin kolaylıkla değiştirilebiliyor olması ekartör sisteminin sağ taraftan ve sol
taraftan kullanımını sağlar.

Retractor system for optimal approach to the arteria iliaca communis.
The retractor blades are made out of titanium and therefore they are radiotransparent. The big medial retractor blade
can be gradually adjusted during the operation. Because of the blades which are easy to exchange the retractor
system can be used for the left and the right side.
